Hi!

My name is Scarlett and I do art when I am bored and play online games while listening to music.

I like going drifting on my quad. I

love chicken nuggets and warm apple yummy crumble. I have a phobia of deep water, scratchy noises (misophonia), spiders and heights. I like to go roller-blading on Friday night at Baysport.

I love love love pugs and dogs. That is what I

love the most. Gruff is a little annoying rascal that hassles you for attention. Gretel on the

other hand will sleep most of the day and gets excited when we go out to go to the supermarket thinking that she can come. This makes me sad because I want to take her on a walk. When I am giving Gretel cuddles Gruff gets all jealous and cuts in front of us when he had just had his affection!
