COVID-19 - LEVEL 2 AND OUR SCHOOL

12 August 2020

Senior management and the Board of Trustees are being directed by the Ministry of Health and the Ministry of Education. It is a fluid situation and we are managing the issue on a day-to-day basis.

In the first instance we are ensuring that we have everyone's correct contact details and up to date email addresses. If you have recently changed any contact details please let us know.

Staff will continue to promote and encourage safe hygiene practices and anyone who is sick must stay at home please.

At this stage the Level 2 restrictions are for us all until Friday. Any queries please contact us particularly if you have made the decision to keep your children at home during this level 2 period.

We will still be allowing parents/caregivers to collect their children from class at this stage.

We have the Covid Tracing QR codes on all entry/exit doors. Please make use of them on your Covid App.

10 FRANKLIN ST, OPUA (THE HOUSE NEXT DOOR TO THE SCHOOL)

Sometime in the next few days, possibly starting today, Jamie and his team will put in another concrete carpark. The entire job, including cure time, will take about a week and there'll be some heavy equipment including trucks, diggers and concrete pumps. During this project we ask that the school (staff, parents and children) co-operate with Jamie and his team by keeping well clear of the work site. Apologies for the short term inconvenience but this project will alleviate some of the parking problems.

Regards, Bill Garlick, LANDLORD

ALL Paihia Football Club trainings this week are canceled.

The Fun Football tournament which was to be held on Saturday for 4 - 8 year olds has been postponed.
